

...Enhance and Expand Opportunities for the Ocean City School District Students

Dear Parents, Guardians and Staff:

**Our School District staff makes a difference!
The Ocean City Education Foundation's Staff Tribute Program lets them know you
appreciate all they do!**

Now you have the opportunity to say thank you!

The Ocean City Education Foundation (OCEF) has established a Staff Tribute program as a way to recognize the dedicated teachers, administrators, secretaries, school nurses, aides, coaches, food service employees, custodians and school board members who work tirelessly to educate, guide and mentor our children. Anyone named in honor of your donation will receive a certificate from the OCEF recognizing them for their countless contributions. Staff members will then realize how much of a difference they have made in the lives of our children. Donation amounts are strictly anonymous, allowing you to choose your monetary gift.

How will my donation be used?

The funds raised through the Staff Tribute program will be used to support the OCEF teacher grant program. This important program provides the school staff with the funds necessary to heighten your child's learning atmosphere. The Foundation is excited to continue to contribute to the extra programs, equipment and opportunities to give the students every opportunity to succeed.

The OCEF is an independent volunteer service organization comprised of business and community leaders throughout Ocean City. The Foundation's goal is to secure and provide funding for enhancements such as educational equipment, technology, and programs. These enhancements are an integral part of an excellent education as well as an investment in our children's future development.

I hope you will consider recognizing those special people in your child's school life with a tax-deductible donation.

Sincerely,

Pete Madden
President
